

# SPRING 2023 BDA BUSINESS PLANNING CONFERENCE

Hosted by BDA Workshops (BDA group # 122319)  
Twelve Thursdays in April, May, and June 2023

We will host twelve inter-related BDA recovery workshops, all focused on BDA business planning, with a BDA emphasis on business as a spiritual activity and service to the world. During this three-month BDA recovery conference — 8-10am pacific, 11am-1pm eastern, etc with NO After Party each of twelve Thursdays — we will discuss all of the BDA Tools together with a special emphasis on BDA Tool Two:

*“We write annual one-year business plans with definable and accountable goals and targets.”*

Because we will be welcoming DA and BDA members to share real-world details of their businesses, we must ask that all workshop participants meet the only requirement for DA and BDA membership:

*an ongoing desire to stop incurring new unsecured debt, one day at a time, no matter what*

Because we will be discussing the specifics of our businesses, including business names, locations, etc, the only protection for our anonymity will be required registrations and the closed-ness of the conference group. To maintain anonymity, we will not be recording any of the workshop sessions EXCEPT the first-week orientation, for which this and the previous cycles' recordings will be (some are already) available here:

<https://www.hopefordebtors.org/business-planning-spring-2023>

To register, please send **\$99 or more** to <https://www.paypal.com/paypalme/BDAWorkshops>. These are donations, NOT fees. NO PAYMENT PLANS and NO REFUNDS. For up to **8** BDA business owners who will receive one-to-one coaching, there are no fees for this extra service, but there are specific qualifications, including next cycle pre-registration. We provide this direct support and encouragement out of gratitude for our solvency and love of our fellow BDA members.

Come join a BDA Business participant group of 20-30 BDAers, giving and receiving business support for 3 months plus follow up.

Come see new BDA member business plans presented, and maybe present yours (see qualifications online).

Come meditate and share on all 12 BDA Tools, one at a time.

Come learn how others are implementing the BDA Tools into their businesses, jobs, and lives, and share how you're implementing them too.

Come grow as a business owner and as a recovering debtor.

Come grow with us in this 12th Step activity, learning to truly practice spiritual principles in all our affairs.

Please join us.

Registrants may attend up to 12 workshops.
